COVER

Oklahoma State Flag

The cover illustration represents the emblem in the center of the Oklahoma State Flag, which is an Osage Warrior's buckskin shield, decorated with pendant eagle feathers. Across the face of the shield runs the red man's calumet, or pipe of peace, crossed with the white man's peace symbol, the olive branch. The shield implies defensive or protective warfare. The small crosses on the shield are the Indian's graphic sign for stars, which indicate lofty ideals or a purpose for high endeavor. The important symbols, however, are the calumet and the olive branch. These override the shield, the symbol of war, and represent a predominate love of peace by a united people, and the union of the Indian Territory and the Oklahoma Territory into the one great State of Oklahoma.

# FOREWORD

The Indian Education Program in Oklahoma is financed and operated under the provisions of a contract between the U. S. Bureau of Indian Affairs, Department of the Interior, and the State Department of Education. The supervision of the program is carried out entirely by the State Department of Education as authorized by the Johnson-O'Malley Act of 1936. Prior to 1947, the program was administered by the Indian Bureau.

This Nineteenth Annual Report of Indian Education in Oklahoma has been prepared by the Division of Indian Education to comply with State Contract No. 14-20-0400-964.

We wish to extend our appreciation to Mr. Virgil N. Harrington, Area Director of the Muskogee Area, to Mr. Lester T. Towle, Area Director of the Anadarko Area, and to their staff members for their cooperation and assistance in carrying out the program of Indian Education.

Sincerely,

Oliver Hodge

NARRATIVE

Personnel from the Division of Indian Education, visited the 392 schools eligible under the Oklahoma Johnson-O'Malley Contract and Plan of Operation, during the 1965-66 school term. Schools with a high concentration of Indian children were visited on several occasions. The problems and welfare of Indian pupils were discussed with school officials and attempts made to solve them. School officials were very cooperative.

The enrollment of eligible pupils increased from 12,867 in 1964-65 to 13,318 in 1965-66, for an increase of 451 pupils. There were 1239 eighth grade graduates in 1965-66 compared with 1176 in 1964-65. This is an increase of 63 pupils. The high school graduates decreased from 651 in 1964-65 to 649 in 1965-66, for a loss of 2 pupils.

All graduating Indian seniors were counselled by a representative of this Division and informed of the educational opportunities available through the B.I.A., and other sources, for post High School training. Each graduate was provided with B.I.A. applications for higher education or vocational training according to the ability of the graduating senior. We are especially proud of this service and the encouragement we are able to provide the Indian senior through personal contact.

The school lunch, for the Indian child whose parent is unable to provide money for lunches, is a continuous problem and is the larger part of our program, $284,945 having been spent in fiscal 1966. Even though we believe the parent should assume the responsibility for the

child's lunch when possible, we are of the opinion the expenditure can be justified since the noon-day lunch, in many instances, is the only well balanced meal numerous Indian children receive during the day.

The schools were reimbursed at the rate of only 16¢ per free lunch served. We are of the opinion this reimbursement should be based on the cost of the lunch to each individual school district. This would be more realistic and in line with the thinking of a great many of the Oklahoma Administrators.

The schools have been able to provide additional services, under P.L. 89-10,the Elementary and Secondary Educational Act of 1965, which would have been impossible under the present financial structure in Oklahoma, and as a result, we are looking forward to an even better year for the Indian children in fiscal 1967.

## STATISTICAL REPORT

Statistical Tables:

1. EXHIBITS "A" (1) THROUGH "A" (4). This part of the annual report contains tables of statistical data to comply with State Contract No. 14-20-0400-964.

2. EXHIBITS "B" THROUGH "F". These tables contain information necessary to the operation of the program in so far as the Division of Indian Education, State Department of Education, and the Area Offices are concerned.

The explanation accompanying each table gives, briefly, the nature of the data it contains. All of the tables are shown by counties where a breakdown is given. The county totals were compiled from the reports of each district participating in the program. All of the data of each individual district is on file in the office of the Division of Indian Education..

NUMBER OF DISTRICTS AND SCHOOLS. There were 412 districts with 413 schools located in 59 counties participating on the program for 1964-65 1/ Of the 413 schools, 170 were Equalization Enrichment and 243 were Special Service.

TAX RATE. All schools to receive Johnson-O'Malley Funds, must levy the maximum of twenty (20) mills. This is equal to the fifteen (15) mills required for state equalization aid plus the five (5) mills local initiative. This rate applies to all classes of schools.

## SUMMARY

As a brief summary of the Nineteenth Annual Report of Indian Education in Oklahoma under the State Contract, we wish to point out the following:

(1) There was a total Indian pupil enrollment of 12,867 with an average daily attendance of 11,738 and a per cent of attendance of 91. This does not include those who live inside the corporate limits of towns and cities of 500 population or more.

(2) There were 413 schools on the program, 338 of which are located in the Muskogee area, enrolling 9,912 pupils, and 75 in the Anadarko area, enrolling 2,955 pupils.

(3) In the allocation of funds to the schools $98,143.00 was for Equalization Enrichment, or Educational Services as it is now more commonly called, and $318,578.63 was for Special Services.

(4) Of the Special Service Allocation, $283,945.00 was for lunches of indigent Indian pupils and $34,633.63 for other special services, such as salaries, maintenance, transportation, special allocation, lunches and supplies for Boarding Home pupils. (See Exhibit "D").

(5) There was a total of 1,787,956 meals served in the public schools at an average cost of $ .25 per meal or $446,989.00. For these meals the schools were reimbursed only $283,945.00 leaving $163,044.00 to be paid out of their own funds or absorbed by the lunch program.

OKLAHOMA PLAN FOR THE DISTRIBUTION OF INDIAN EDUCATION FUNDS UNDER THE TERMS OF THE JOHNSON-O'MALLEY CONTRACT

I. INTRODUCTION. Prior to the first state contract entered into in 1947, Oklahoma state law provided that the amount of state aid due a local school district in any fiscal year would be reduced by an amount equal to half of the payments received by the district during the preceding year from the Bureau of Indian Affairs. At that time it was agreed that the state would repeal this section of state law on condition that the lump sum paid to the state under the new contract could be used for enrichment in rural districts attended by Indian children where such local funds are extremely low. This agreement has been complied with by the state and there is no deduction from state aid because of Federal aid through the Bureau of Indian Affairs. Since all districts which receive enrichment aid from the state contract funds are participating in state equalization funds, the greatest impact of the 2,000,000 acres of tax-exempt Indian land falls directly on the state rather than on the local districts. If contract funds are to be used directly as tax replacement, they must go to the state. If the distribution to local districts must be based entirely on tax loss and the number of Indian children living on tax-exempt land, state officials have indicated that the previous law which provided off-sets in state aids to local districts should be re-enacted. It is the belief of the Oklahoma State Department of Education and the Muskogee and Anadarko Offices that the present plan of distributing aid on the basis of total number of Indian children living in districts which have limited and inadequate enrichment funds is the only plan that will directly benefit Indian children and help overcome the educational lag in rural areas in Oklahoma. Accordingly, the justification of Johnson-O'Malley aid for Oklahoma is to be based on the total acres of tax-exempt land in the state, rather than on detailed reports from each of the participating school districts.

II. GENERAL REGULATIONS GOVERNING THE DISTRIBUTION OF FUNDS.

A. Eligible Indian pupils shall include only those who possess one-fourth or more degree of Indian blood whose parents reside outside the corporate limits of towns having a population of 500 or more.

B. All of the districts participating in State Contract Funds are receiving State Equalization Aid which provides them with a minimum budget (see example on following page). Due to this fact, it is not necessary nor at all helpful to prepare a complete budget for individual school districts as specified in 62 IAM 3.2 10B. A district in order to participate must levy at least an additional five mills above the number of mills required for State Equalization Aid. This constitutes an enrichment fund above the Minimum Program known as LOCAL INITIATIVE. Johnson-O'Malley Contract Funds, in accordance with the plan, are used to supplement this LOCAL INITIATIVE, and a consolidated State Budget is prepared in lieu of each individual district as specified in the BIA Manual.

C. Enrichment funds over and above the Minimum Program are an absolute necessity in districts receiving this type of aid from Contract Funds. The minimum fund allowed, of 12¢ per pupil per day in the State Minimum Program for operating expenses other than teachers salary and in some cases transportation, is insufficient to maintain and heat the building, even the new ones constructed by Public Law 815 Funds. Without Johnson-O'Malley aid these schools would have no funds for instructional supplies, library books, playground equipment and supplies, and school lunch equipment.

D. Any unobligated funds received from the BIA for any fiscal year shall be offset against the State Budget for the ensuing fiscal year.

III. PLAN OF DISTRIBUTION.

A. State Equalization Aid. The State of Oklahoma guarantees to every school district in the State a Minimum Program based upon: Teacher's Salaries, Maintenance, and Transportation. This Minimum Program is financed by

Local and State Funds. The Local Funds are known as MINIMUM PROGRAM INCOME and State Funds as STATE EQUALIZATION AID. The amount of State Equalization Aid that a school receives is determined by subtracting the Minimum Program Income from the Minimum Program. Minimum Program Income consists of the net proceeds from a fifteen (15) mill ad valorum tax levy on the district's valuation, and all miscellaneous revenue. The only funds that a school has above the Minimum Program is the surplus cash and the net proceeds of a five (5) mill levy. This is known as LOCAL INITIATIVE since it is not chargeable income for the Minimum Program. It is the only fund that a school has with which to enrich the program, unless it qualifies for Indian Education Equalization Enrichment. To help clarify the situation the following example is given:

RECEIVES INDIAN EDUCATION FUNDS

| | (b) Maintenance (9180 x 12¢) | 1,101.00 | |

| | (a) Net proceeds, 5 mill levy | 40.00 | |
| | (b) Surplus Cash | 27.00 | |
| | (c) Total | | $ 67.00 |

Without Indian Education Funds, $67.00 is all that the above school has to enrich the Minimum Program. The Indian Education Funds allocated and the method used will be discussed later.

B. Johnson-O'Malley Indian Education Funds. It was mutually agreed by the State and the Indian Bureau that the Contract Funds would be divided into three (3) divisions, namely: Administration and Supervision, Equalization Enrichment, and Special Services.

1. Administration and Supervision. This is to provide for salaries, travel and communications, office supplies, and maintenance necessary to carry on the program of Indian Education in the State.

2. Equalization Enrichment Fund. This is to be allocated on the basis of need to schools not eligible for Public Law 874 payments that had five (5) or more Indian pupil average daily attendance or 20% of the total average daily attendance, whichever is the lesser, the previous school year on an equalized per capita local initiative basis. The per capita local initiative to be determined by the net income from a levy of five (5) mills based upon the valuation of the district for the previous year. Said per capita local initiative to be calculated to the nearest dollar. The following formulas are to be used in the allocation of this fund: (abbreviations used in the formulas: per capita local initiative, PLI; average daily attendance, ADA).

(a) Schools with forty per cent (40%) or more Indian pupil average daily attendance:

(1) With less than one hundred (100) total ADA:
($40.00 - PLI) x total ADA

(2) With one hundred (100) or more total ADA:
($30.00 - PLI) x total ADA

(b) Schools with less than forty per cent (40%) Indian pupil average daily attendance:

($40.00 - PLI) x Indian Pupil ADA

The actual amount of equalization shall be determined by the number of applications for this assistance. Schools to participate in this program, must have levied the previous year at least the minimum nunber of mills required for State Equalization Aid plus an additional five (5) mills for local initiative unless otherwise reduced by law. Unallotted balance of this fund shall become available for use under Special Services.

The lower the valuation of a school district, the less it raised locally and the more it gets per Indian pupil average daily attendance. School (A) previously discussed, qualified for $468.00 of Indian Education Funds. Since the school is less than forty per cent (40%) Indian pupil average daily attendance, the formula used is ($40-PLI x Indian ADA). The total local initiative is $40, so the per capita local initiative is $1.00 ($40 divided by the Total average daily attendance of 51). Substituting the $1.00 for PLI and 12 for Indian ADA, we have $40-$1) x 12 = $39 x 12 or $468.00.

3. Special Service Fund. This is to provide for the following:

   (a) To supplement the program in Former Special Indian Day Schools not qualifying for Public Law 874 funds, which still employs personnel previously hired by the Bureau of Indian Affairs.

   (b) Reimbursement for free lunches served the previous school year to eligible indigent Indian pupils enrolled in schools that qualify for Public Law 874 funds, and all other schools except as hereinafter provided in Section 5 of this Plan, provided that all schools with 100 or more pupils in total enrollment the previous year must have had at least five (5) eligible indigent Indian pupils enrolled the previous year. This reimbursement shall be at the rate of 20¢ per meal, provided funds are made available.

   (c) Transportation for Indian pupils who live 1½ miles or more from school unless otherwise provided except in schools qualifying for Public Law 874 payments.

   (d) Provide additional funds to schools with forty per cent (40%) or more Indian pupil average daily attendance the previous school year, in which State funds are insufficient to finance a standard school program, as approved by the State Department of Education. This applies strictly to schools eligible for Equalization Enrichment only.

   (e) Reimbursement for lunches and supplies to districts enrolling Bureau dormitory children.

   (f) "Special Programs" to provide funds to employ personnel in order that Special Services may be provided to Indian children

This Special Service Fund is most helpful, for it makes possible the transport-

ing of Indian pupils living long distances from school, and for schools to inaugurate lunch programs, otherwise impossible. This plan of allocation places the funds at the disposal of schools that need it most and provides adequate lunches for all indigent Indian children.

4. Discontinue, beginning with fiscal year 1960, all Johnson-O'Malley Special Service Aid in districts which qualify under Section 3 (c) (4) Public Law 874.

5. The following time table is to be used for discontinuing any Johnson-O'Malley lunch aid:

   (a) In fiscal year 1960, all districts with $100 or more per capita local initiative, (this is the net income of a five (5) mill levy, plus Public Law 874 payments, for the previous year, divided by the total average daily attendance for the previous year).

   (b) In the fiscal year 1961, all districts with $81 or more per capita local initiative , as defined above.

   (c) In fiscal year 1962, all districts with $61 or more per capita local iniaiative, as defined above.

   (d) Amendment No. 1 - Oklahoma Johnson-O'Malley Plan - 4-23-62

   "It is mutually agreed to amend the Oklahoma State Johnson-O'Malley Act Plan to retain the 1961-62 eligibility for the school year 1962-63, or until such time as the program can be reviewed fully in the State. Special Services (lunches) may be provided in special financial hardship districts (based on budget review) without regard to the present established financial qualifying criteria when the needy eligible Indian enrollment is 40% or more of the total enrollment of the school (previous year).

   Any pertinent changes in State or Federal aids to education will be cause to review all the provisions under this Plan."

IV. An amount not to exceed five per cent (5%) of the total amount of the yearly Contract is to be carried over at the end of the fiscal year for administrative and operational costs by the Oklahoma State Department of Education, Division of Indian Education.

V. SUMMER CONFERENCES. Each summer, during the months of July and August, conferences are held in each county with all schools participating in the pro-

gram. At this conference a representative of the Indian Education Division meets with the officials of each school, and together they plan a program of improvement to be financed with local enrichment and Indian Education Funds.
